The performance data shown represents past performance of the Portfolios and does not guarantee of the future performance of the Portfolios. Current performance may be higher or lower than the performance presented here. The investment return and the value of the investment will fluctuate so that an investor's units, when redeemed, may be worth more or less than their original cost. The returns posted reflect total return for the period ending September 30, 2009 less the Management, Portfolio Servicing, and Maine Administration Fees, as well as fees and expenses of the underlying funds. The returns do not reflect the \$50 annual account maintenance fee and returns shown would be lower if they did. The allocation of the Portfolios is subject to revision at any time by the Finance Authority of Maine and under normal circumstances it is anticipated that the allocation of the Portfolios will be adjusted at least annually. Investment return will fluctuate with market conditions. Non-qualified withdrawals are subject to a 10% IRS penalty and ordinary income tax on the earnings. Performance data shown with a sales charge reflects the maximum initial sales charge of 5.75% on all Portfolios except the Static Fixed Income Portfolios and the Principal Plus Portfolio. The Static Fixed Income Portfolios (BlackRock Fixed Income Portfolio and MFS Fixed Income Portfolio) reflect a maximum initial sales charge of 4.50%. An initial sales charge is not applied to the Principal Plus Portfolio.

The performance data shown represents past performance of the Portfolios and does not guarantee of the future performance of the Portfolios. Current performance may be higher or lower than the performance presented here. The investment return and the value of the investment will fluctuate so that an investor's units, when redeemed, may be worth more or less than their original cost. The returns posted reflect total return for the period ending September 30, 2009 less the Management, Portfolio Servicing, and Maine Administration Fees, as well as fees and expenses of the underlying funds. The returns do not reflect the \$50 annual account maintenance fee and returns shown would be lower if they did. The allocation of the Portfolios is subject to revision at any time by the Finance Authority of Maine and under normal circumstances it is anticipated that the allocation of the Portfolios will be adjusted at least annually. Investment return will fluctuate with market conditions. Non-qualified withdrawals are subject to a 10% IRS penalty and ordinary income tax on the earnings. Performance data with a sales charge shown reflects a contingent deferred sales charge of 1.00% on all Portfolios (except the Principal Plus Portfolio) or 0.50% with respect to the Principal Plus Portfolio in the first year after purchase.

The performance data shown represents past performance and is not a guarantee of future performance. Current performance may be higher or lower than the performance presented here. The investment return and the value of the investment will fluctuate so that an investor's units, when redeemed, may be worth more or less than their original cost. The returns posted reflect total return for the period ending September 30, 2009 less the Management, Portfolio Servicing, and Maine Administration Fees, as well as fees and expenses of the underlying funds. The returns do not reflect the \$50 annual account maintenance fee and returns shown would be lower if they did. The allocation of the Portfolios is subject to revision at any time by the Finance Authority of Maine and under normal circumstances it is anticipated that the allocation of the Portfolios will be adjusted at least annually. Investment return will fluctuate with market conditions. Non-qualified withdrawals are subject to a 10% IRS penalty and ordinary income tax on the earnings.

These summaries are qualified in their entirety by reference to the detailed information included in each Underlying Fund's current prospectus and statement of additional information, which contain additional information not summarized herein and which may identify additional principal risks to which the respective Underlying Fund may be subject. You may request a copy of any Underlying Fund's current prospectus and statement of additional information, or an Underlying Fund's most recent semi-annual or annual report by locating it on the respective Fund Family website.
