

A borrower with a degree in early childhood education cannot receive forgiveness for a K-12 teaching position.

Partial loan forgiveness may be available if you are working part-time and meet all other requirements. You must be employed on at least a 20% basis, based on a 10-month academic year or a five day work week.

Most Education Technician positions are not eligible for loan forgiveness. However, if you are working in a Title 1 program, you may be eligible. Please contact FAME for more information.

LOAN REPAYMENT

Loan repayment will begin six months following the month you graduate or complete your coursework, or six months after the end of your last academic term. If you do not qualify for loan forgiveness, you must repay the amount of the loan(s) including principal and interest according to the terms specified in your promissory note(s).

If you are having difficulty making your monthly payments, contact FAME to discuss alternative repayment options. Deferments may be granted in certain circumstances, on a case-by-case basis. We typically require interest payments during periods of approved deferment and you may not obtain more than a total of 36 months of deferment.

Return service must be performed within five years of graduation from an institution of higher education or completion of certification coursework.

HOW DO I REQUEST FORGIVENESS?

Once you obtain a qualifying teaching or child

care position, you must submit documentation to FAME for a review of your forgiveness eligibility. Teachers must provide a school employment contract and state teaching certificate. Child care providers must provide a letter of employment and a copy of a college transcript showing evidence of an appropriate degree or certificate.

FAME will review your documentation to determine eligibility of the return service position and will notify you of initial approval. The Educators for Maine Loan will be placed in non-repayment status while you are employed in a return service position.

At or near the end of your first year of return service, FAME will send you an employment verification form which must be completed and returned to FAME in order to begin processing forgiveness of your loan.

IS THERE ADDITIONAL LOAN FORGIVENESS?

Two years' worth of your loan may be forgiven for each year that you are a full-time teacher in an eligible Maine school working in an underserved subject area.

Underserved subject areas are determined by the Maine Department of Education and may change each year.

WHAT ELSE SHOULD I KNOW?

Forgiveness can only be granted in the borrower's field of qualification. For example, a borrower with a degree in elementary or secondary education cannot receive forgiveness for a child care position.
