

Small steps now lead to big dreams later.

Harold Alfond believed that every Maine child should have the opportunities that higher education brings. The **My Alfond Grant** program is his legacy gift to Maine and invests \$500 for the future education of every Maine baby. The Alfond Grant is a great way to help families prepare for their child's bright future, from the very start of a child's life.

\$500 Alfond Grants are awarded automatically for eligible Maine babies born in 2013 and later (for Maine children born 2008-2012 it was available on a more limited basis).
