

Maine Medical Education Trust Medical Loan Program

Application Guidelines & Checklist

Deadline: May 31, 2024

PROGRAM ELIGIBILITY INFORMATION

The Maine Medical Education Trust Medical Loan Program provides renewable loans to Maine residents enrolled in or accepted to approved medical schools. These loans can be used to fill some of the gap between federal loan programs, financial aid, other resources, and the cost of education. The amount of the loan award is based on available funding and can vary each year.

In addition to completing MMET's application and required documents, an applicant must:

- Be a Maine resident. A Maine resident is an individual who has lived in the state of Maine (for purposes other than education) for one year prior to acceptance or enrollment in an approved medical school. Similarly, the spouse or domestic partner of a person who has continuous, full-time employment in Maine at the time of medical school acceptance or enrollment is a resident for purposes of this program. Absent documentation of residency or ties, an applicant who has resided in Maine solely to attend an in-state institution is a non-resident for purposes of this program.
- Be enrolled in or accepted to an approved medical school
- Be pursuing a degree of Doctor of Medicine (MD) or Doctor of Osteopathic Medicine (DO)
- Be a member of the American Medical Association and the Maine Medical Association (MMA pays fee on your behalf)
